

AIR CONDITIONERS

MOBILE LIVING MADE EASY.™

 **DOMETIC**

DOMETIC AIR CONDITIONERS

THE EFFECTIVE ECO-FRIENDLY AIR CONDITIONER OF CHOICE

The best in their class, these Dometic air conditioners are best sellers in the Australian mobile living market. The systems in this range feature clever design and are built to thrive in the harshest Australian

conditions. Tried, tested and proven, these models have become Australia's favourites through their excellent cooling performance, energy efficiency and outstanding design.

DOMETIC IBIS 4

Roof air conditioner

- Excellent cooling capacity of 2.6 kW
- Dimensions: 758 x 230 x 1112 mm
- Extremely quiet cooling, even at maximum speed
- Adjustable vents for even air distribution
- Lightweight rooftop unit at only 40 kg
- Four fan speeds, including a turbo speed
- Suitable for both 400 x 400 mm and 360 x 360 mm roof openings

DOMETIC HARRIER INVERTER*

Roof air conditioner

- Cooling capacity of 3.1 kW makes the Harrier the best in its class
- Quiet cooling, even at maximum speed
- Compressor speeds up or slows down to reduce energy consumption
- Oscillating vents for even air distribution
- High operating temperature range of -2°C to +52°C
- Fitment to both 360 and 400 mm roof opening sizes possible

DOMETIC BR342

Roof air conditioner

- Three blower speeds
- Vertical compressor for reduced vibration
- Small roof footprint
- Optional electronic wall control with remote control for easy operation
- Will operate on most premium brand inverter type generators (check with generator supplier for compatibility)
- Operating temperature range -7°C to +43°C
- Operated on 240 V AC

† Performance is reduced at temperatures under -7 °C and over 35 °C

DOMETIC CALR242

Roof air conditioner

- A sleek, contemporary design reduces air flow resistance while providing maximum cooling and heating (-7 °C to +43 °C)
- Features four cooling modes, reverse cycle and timer function
- Comes with remote control, air distribution box with air shower vent, digital readout and status indication LEDs
- Removable and washable filters
- Will operate on most premium brand inverter type generators (check with generator supplier for compatibility)
- Low profile – only 255 mm high

DOMETIC AIRCOMMAND IBIS 3

Roof air conditioner

- Excellent cooling capacity of 2.7 kW
- Extremely quiet cooling, even at maximum speed
- Provides 780 cubic metres per hour of airflow to your recreational vehicle
- Adjustable vents for even air distribution
- Minimum operating temperature of -5 °C
- Suitable for 360 x 360 mm roof openings

DOMETIC AIRCOMMAND CORMORANT 2

Roof air conditioner

- Very high capacity for a caravan air conditioner
- Boasts fully functional remote controls
- Reverse cycle is highly efficient and provides one of the most economical forms of heating
- Flip-down electronic LED control panel
- Will operate on most premium brand inverter type generators (check with generator supplier)
- Fitted with built in compressor protection against intermittent power supply
- Designed to dehumidify the air

DOMETIC AIRCOMMAND SPARROW

Roof air conditioner

- Lightweight – suitable for smaller caravans and poptops
- Flip-down electronic LED control panel and remote control
- Low profile rooftop unit with modern look
- Made from impact and UV-resistant polyurethane
- Three blower speeds
- Automatic de-ice setting for low ambient heating operation at down to -5 °C
- Will operate on most premium brand inverter type generators (check with generator supplier for compatibility)

DOMETIC AIRCOMMAND HERON 2.2

Air conditioner

- Easy to operate knobs to control fan speed and temperature
- Compact design for greater flexibility with install location
- Evaporator is installed in a cupboard or overhead locker
- Horizontal and vertical air adjustment
- Three blower speeds plus one heating
- Will operate on most premium brand inverter type generators (check with generator supplier for compatibility)

DOMETIC AIRCOMMAND HERON 3Q

Air conditioner

- The air handler is installed in the overhead cupboard while the condenser unit is fitted from the outside of the van, providing fitting flexibility
- Electronic LED control panel and fully functional remote control
- Horizontal and vertical air adjustment
- Reverse cycle cooling and heating
- Will operate on most premium brand inverter type generators (check with generator supplier for compatibility)
- Highest capacity split system air conditioner designed for the larger pop top caravans
